## Teaching and Learning 教與學

### Promoting E-Learning to Nurture Active Learners 善用電子學習 讓學生成為學習主導者

In order to cope with the 21st century teaching mode, our school has been promoting self-directed learning through different e-learning platforms, in the hope that students can learn actively by analysing, exploring, practising, questioning and creating under teachers' guidance.

為配合21世紀新教學模式，本校積極推動自主學習，透過不同電子學習平台，讓學生成為學習的主導者，使他們可在老師的引導下，通過獨立分析、探索、實踐、質疑、創造等方法來實踐學習目標。

# STEM

## To Make STEM Accessible to All; To Foster STEM Literacy for All 普及STEM教育 培育學生科藝素養

We believe that only by instilling both knowledge and practical skills into students can they become experts with cutting-edge insights in the 21st century. Hence, our students have been learning Virtual Reality (VR) and Artificial Intelligence (AI). We have also implemented aviation in our curriculum, offering students a chance to be a pilot through flight simulations in a cockpit.

Besides, we run several cross-curricular projects in which students show their care for community. For example, some F.3 students designed 'self-heat lunch boxes' for the elderly. Not only did our students make use of the knowledge and skills acquired, but they could also understand more about the innovation and technology industry, becoming more proficient in STEM.

本校STEM教育學術與技術並重，致力培養21世紀科技人才。學生在課程中透過虛擬實境及人工智能等，體驗現代科技。近年本校致力推展航空教育，校內設有模擬飛行器，學生可操作模擬小型飛機。初中各級均有不同主題的跨學科專題研習，例如中三級以小型初創企業為主題，以人本關懷作切入點，設計適合長者使用的自熱飯盒，學生從中運用創科知識，並體驗創科產業的生產流程，全面並漸進地培育學生的科藝素養。

## Stretching Students' Potential 尖子化STEM教育 發揮學生潛能

Having founded a STEMaker Team, we would like to foster students' competence in different streams of academe as well as practical skills. We are honored to have the chance to collaborate with tech companies and local universities. Our students showed great interest in programmes such as "Secondary School Coral Nursery Education Programme" organized by CUHK. Advanced students are further invited to take part in external enhancement classes.

本校設立科藝創建校隊 (STEMaker Team)，並分設不同小隊，培訓學生的生物科技、航空科技、動手製作及科技研發能力。本校更致力與大學及科技公司合作，例如：參與中文大學「育養珊瑚校園計劃」等。讓能力超卓的同學獲安排參與校外的拔尖訓練，如大學資優課程。

## Gifted Education Programmes 資優教育計劃

To promote gifted development for all students, our school has established the Gifted Education Team to systematically and purposefully identify and nurture high-achieving students, build a talent pool of gifted learners, and provide them with appropriate educational opportunities to fully realize their potential. We are committed to broadening students' horizons, encouraging them to actively participate in external activities, courses as well as competitions in pursuit of excellence, while designing a coherent learning pathway that creates diverse and sustained opportunities.

Our school also advances the mainstreaming of gifted education by nominating students for selective programs at the Hong Kong Academy for Gifted Education to become members. In addition, we proactively recommend and subsidize students to join various external gifted programs such as gifted courses at The Chinese University of Hong Kong and the Dual Program at The Hong Kong University of Science and Technology to enhance their future competitiveness. We also provide related experiential and learning opportunities, such as the work experience under the North District Hospital Student Ambassador Scheme and the internship program at Kwong Wah Hospital, to promote knowledge and skills development, achieve holistic or targeted talent cultivation, and prepare gifted students who aspire to study medicine.

為促進全校學生的資優發展，本校成立「資優教育小組」，系統地、具方向地識別與培育學術表現優秀的學生，建立資優生人才庫，並為其提供適切的教育機會，讓他們充分發揮個別潛能。我們致力擴闊學生視野，鼓勵他們積極參與校外活動、課程與比賽，追求卓越表現；同時設計具連貫性的學習歷程，為學生創造多元而持續的發展機會。

本校亦推動資優教育的普及化，提名學生報讀資優教育學院的甄選課程並成為學員。除此之外，我們積極推薦及資助學生參與各項校外資優計劃（如香港中文大學資優課程、香港科技大學雙修課程），以增強其未來競爭力。我們亦提供相關體驗與學習機會，例如北區醫院「一家一劃學生大使」計劃之工作體驗及廣華醫院實習計劃，促進知識與技能提升，實現全面或針對性的才能發展，並為有志修讀醫學的資優生作出最佳準備。

## Catering for Learner Diversity 因材施教 關顧不同學習需要

We offer subject enrichment programmes for high achievers and tutorial classes for students in need to cater for learner diversity, which lay a solid foundation for academic progress.

本校為成績優異的同學提供增潤課程，同時為有需要的同學在課後或星期六安排功課輔導，以鞏固學習。

## Kap Yan Whole Person Development Award Scheme 全「寅」發展 培育多元能力

The Kap Yan Whole Person Development Award (WPDA) Scheme helps students set learning and OLE goals, reflect and improve continuously. It develops essential skills like communication and collaboration to prepare them for 21st-century challenges. Leadership training programs, such as the Tung Wah Student Ambassadors, the Leadership Training Program for Form 4 Students, and the Academic Prefect initiative, further enhance their leadership abilities.

This year, our students excelled in the North District and New Territories Outstanding Students Elections, highlighting the success of our whole-person education.

本校推行的「全『寅』發展獎勵計劃」，學生每年制訂在學習上和其他學習經歷上的不同目標學習目標，定期反思與跟進計劃，全面培養溝通、協作等共通能力，為迎接廿一世紀挑戰做好準備。同時，透過多元化的領袖培訓活動，包括「東華學生大使」、「中四領袖訓練計劃」及「學務領袖生」，進一步提升學生的領導才能。

本年度，本校學生於北區及新界區優秀學生選舉中榮獲多項大獎，成績斐然，充分展現全人教育的豐碩成果。

## F.4 & 5 Social Entrepreneurship Program 社企體驗 實踐關愛

An innovative Social Entrepreneurship Program has been officially introduced to our Form 4 and Form 5 students since 2022. This curriculum is designed with "Design Thinking Model" and "Experiential Learning Model", both of which empower students to become social entrepreneurs, social innovators and social entrepreneurship supporters in their community. From theory teaching to practical training, a caring community culture can be built. Students will acquire practical social entrepreneurship concepts and facts and exercise the process of design thinking to work out their social innovation project.

2022年開始，學校為中四和中五學生推出了一項創新的社會創業課程。課程採用「設計思維模式」和「體驗式學習模式」，通過從理論到實踐的培訓，培養學生成為社會企業家、社會創新者和社會創業支持者，並建立關愛別人的社區文化。學生獲得實用的社會創業概念和實踐，並運用設計思維的過程來制定他們的社會創新項目。

## Authentic English Environment 創造語境 全面英語教學

Our school actively fosters English learning on the campus with activities like English Weeks, TED-style talks, English Extensive Reading Scheme, summer English Camp and study tours. The Language Across the Curriculum (LAC) programme helps students to develop the language skills to study History, Geography and Science in English.

本校十分重視英語學習環境，透過不同活動，如英語周、英文演講、英文閱讀計劃、暑期英語營及英語遊學團等，營造豐富的英語學習環境。此外，本校在初中更推行「跨學科英語課程」，使學生能善用英語學習地理、歷史及科學等科目。

## Opportunities to Stretch Students' Potential 提供機會 各展所長

We nurture and equip our students by providing opportunities for them to excel. Students are trained to hone their skills and enhance their confidence through various inter-school competitions like Hong Kong Schools Speech Festival, TW Good People Good Deeds Writing Competition, UNESCO Debating Competition and National English Speaking Competition.

我們積極培養學生，讓他們每年都在各項校際比賽中大放異彩，如香港校際朗誦節、東華好人好事寫作比賽、聯合國教科文組織辯論比賽及全國英語口語比賽等，過程中不但增強了對英語的自信，還提升英語的技能。

## Remarkable Learning Achievements in Chinese Language

### 傳統創新並重 彰顯寫作成就

Our Chinese Department enhances the Chinese curriculum by organizing a variety of unique and comprehensive learning activities for students, such as the Literature Walk, Kap Yan Literature Award and the Chinese Cultural Week. These initiatives encourage students to write diligently, accumulate knowledge of Chinese culture, cultivate moral values and emotions, strengthen national identity, and develop common competencies.

Additionally, the Chinese Department actively leverages artificial intelligence in conjunction with classroom instruction and assignments. We are honored to have received recognition from the Education Department of Tung Wah Group of Hospitals and had the opportunity to share our innovative approaches to using artificial intelligence to promote autonomous learning in writing instruction at City University of Hong Kong. This demonstrates that our innovative experiences have been well recognized by the industry of Education.

本校中文科致力完善中文課程，為學生舉辦多種別開生面的全方位學習活動，例如文學散步、甲寅文學獎、中華文化周等，鼓勵學生勤於寫作，積澱中華文化知識，從中陶鑄品德情意，增強國民身分認同，培養共通能力。

此外，中文科積極善用人工智能配合課堂與課業，並獲東華三院教育科垂青，有幸在香港城市大學分享如何善用人工智能促進寫作教學的自主學習效能，可見創新經驗備受教育界認同。

Our students have achieved outstanding results in various inter-school language competitions, earning numerous awards, including accolades in prestigious national literary contests. Some of the notable achievements include the First Prize in the National Finals of the "The 4th Language Report Cup New Era Youth National Student Essay Competition," the Championship in the Youth Category of the "World Youth Chinese and English Writing Competition," the Championship in the Open Category of the "Asia-Pacific Essay Competition," the Championship in the Youth Category of the "International Youth and Children's Literature Writing Competition," and the Outstanding Young Writer Award in the "13th University Literature Award."

本校同學在不同校際語文比賽中成績彪炳，獲獎無數，當中包括全國頂尖文學創作比賽。獲獎例如「第四屆語文報杯時代新人說全國中學生徵文大賽決賽」國家級一等獎、「世界青年中英文寫作比賽」青年組冠軍、「亞太徵文大賽」公開組冠軍、「國際青少年兒童文學寫作大賽」青少年組冠軍、「第十三屆大學文學獎」傑出少年作家獎等。

## Today We Serve; Tomorrow We Lead 投入社群 展現服務精神

We believe all Kap Yanners are leaders. Thus, we have initiated a number of programmes to develop student leadership. Service-learning is a key to nurturing leadership skills. Opportunities to serve are provided at school, in the local community and outside Hong Kong.

In school, students participate in clubs, teams and groups, leadership roles such as prefects, peer counsellors and Student Association committee members. Students are trained in the Stage Crew, Computer Laboratory Working Committee, Careers Working Committee and Library Prefects Team, in which they take up different roles at different stages of leadership development.

In the local community, our students actively participate in voluntary work to serve others. For instance, they collaborated with HKFYG and Fung Kai No.1 Primary School to make Quilling art design in order to support the medical staff in North District Hospital. Besides, they joined the TWGHs Flag Day to raise fund for TWGHs to help more people in need.

我們深信甲寅學生富有領導才能。透過「服務學習」的理念培育學生領袖，在不同層面為他們提供實踐機會。

在學校，學生參與不同組織的領導工作。除領袖生、朋輩輔導員、學生會外，學生也會在舞台工作組、電腦實驗室工作組、升學及擇業工作組及圖書館擔任不同崗位，一步一步成為領袖人才。

在社區，學生積極參與義工服務，例如與香港青年協會和鳳溪第一小學合作製作紙捲花畫，為北區醫院醫護人員送上支持和祝福。另外，學生積極參與東華三院賣旗日，籌得善款以幫助更多有需要人士。

## TWGHs Moral Education Programme 院本課程 成就承擔和關愛

The TWGHs Moral Education Programme in the junior forms introduces the history and spirit of the services of Tung Wah Group of Hospitals (TWGHs) so as to foster a sense of compassion, personal commitment and equip students to contribute to society as tomorrow's leaders.

學校同時透過本院初中德育課程，讓學生認識東華三院歷史、服務範疇和精神，從而提升對他人的關愛及個人承擔精神，建立他們的正向價值觀與態度，成為關心社會及放眼世界的明日領袖。

## Positive Moral Values 品格教育 重視正向價值

We promote character development progressively from F.1 to F.6 following our Values Education Framework. Discussions like Kap Yan Forum, Form Teacher Periods and talks aim to inculcate values such as compassion, perseverance, social responsibility and respect. This enhances students' critical and independent thinking skills and nurtures them into responsible citizens with local and global vision.

在本校的價值教育架構下，我們積極為中一至中六學生提供循序漸進的品格發展機會。透過甲寅論壇、班主任課和講座，協助同學建立關愛、堅毅、盡責、尊重等良好品格，更讓他們培養獨立能力及明辨性思維，同時拓闊同學的本土及國際視野，成為對社會具責任感的公民。

## Life Planning Education 生涯規劃 為未來作嚮導

Life Planning Education aims at providing further study and career information, guidance and assistance to facilitate students in making rational decisions on career planning. Partnerships are built with alumni, parents, non-governmental organizations and the business sector. School-wide career guidance activities such as Form Teacher Periods, further studies and career exploration and parent talks are arranged to enhance students' awareness and decision making skills over their study pathways and career choices.

生涯規劃教育旨在為學生提供升學及職業資訊、輔導及支援，協助他們在生涯規劃方面作審慎和理性的決定。本校通過與校友、家長、非政府組織和業界建立伙伴關係，籌辦活動，包括班主任課、參觀、家長講座等，藉此提升同學在升學途徑上的認知和決策技巧。

## Learning Outside the Classrooms 走出課室 跨越學習界限

Many cultural activities are organized for students to broaden their horizons. These include the F.1 Life Skills Camp, visits to museums, the Arts Centre and the Careers Expo as well as cultural performance appreciation. In addition, life-wide learning activities such as field trips and workshops are held to enrich classroom learning. To broaden students' understanding of our country, the school also organizes study tours that cover the Greater Bay Area, Beijing, Wuhan, Tianjin, Shanghai, Xunnan and other regions. We arrange overseas study tours every year to places such as Malaysia, Japan, Korea Australia, England, New Zealand, Finland and Germany to broaden their horizons.

在「其他學習經歷」方面，本校舉辦中一生活教育營、參觀博物館、藝術中心及職業博覽、文化表演欣賞等，更在課堂內安排田野考察、及工作坊等全方位學習活動以加強學科學習。為了讓學生多認識國家，學校安排國內交流團，足跡遍及大灣區、北京、武漢、天津、上海、雲南等地，讓同學多認識國情。此外，學校每年均舉辦馬來西亞、日本、韓國、澳洲、英國、新西蘭、芬蘭及德國等地的境外考察和交流活動，拓展學生環球視野。

## We Are With Kap Yan 你我同心 朋輩同行

We have programmes throughout F.1 to support our new students to make sure their transition to our school is smooth. Senior form students are trained to serve as Peer Counsellors to help F.1 students to adapt to secondary school life through sharing and activities such as F.1 lunchtime activities and F.1 Study Enhancement Week. Our Prefect Team helps to enhance students' sense of belonging by maintaining an atmosphere of friendly cooperation, discipline and unity.

我們明白由小學過渡到中學階段，對少年人是一項挑戰。每年我們都為有志成為朋輩輔導員的學生提供培訓，讓他們透過分享及活動，協助中一新生適應中學生活，包括「中一午間活動」及「中一能力提升周」等。此外，領袖生樂於協助老師維持校園秩序，凝聚同學的歸屬感，團結一致。

## A Culture of Excellence 卓越文化

### Unity and Perseverance 團結一致 堅毅不屈

To develop the sense of belonging and team spirit, F.1 to F.3 students participate in the annual Inter-class Distance Running Competitions. This builds up the class unity and enhances the students' physical fitness as well as their perseverance. KYD students have numerous opportunities to join various sports activities to fulfil their potential and enjoy their healthy lifestyle.

中一至中三學生每年參加班際長跑比賽，培養學生的歸屬感及團隊精神，使班內團結一致，提升學生的體適能及堅毅精神。甲寅學生經常參加不同的體育比賽，盡展所長，建立健康生活模式。

## Our Campus and Facilities 校園環境

### Privileged Space, Relaxing Campus 優越空間 愜意校園

In order to develop students' business skills and entrepreneurial spirit, Dreamland Cafe was set up since 2022. Dreamland is a space for students to do revision, conduct group discussion and relax themselves. Everyone can find their dream and strive for it at Dreamland.

本校於2022年成立初創咖啡室，取名Dreamland，讓學生學習營商和培養企業家精神。Dreamland寓意追夢空間，同學可以在當中一起溫習、進行小組討論及放鬆休息，每個人在此空間都可以有機會發揮所長和追尋自己的夢想。

## Our Campus and Facilities 校園環境

After the library renovation, a harmonious, natural, and comfortable reading atmosphere has been created. Additionally, self-borrowing and returning machines have been installed, allowing students to learn independently.

The library organizes various activities to promote reading, such as the book fair, reading clubs and film sharing. Principal Yau, teachers, students and parents all actively participate in these events.

圖書館進行裝修後，館內營造出和諧、自然、舒適的閱讀氛圍，並且添置了自助借還書系統，同學可以自主學習。

圖書館舉辦不同形式活動來推廣閱讀，例如書展、讀書會、電影分享等，校長、老師、同學及家長都踴躍參與。

## Our Campus and Facilities 校園環境

The former computer room has been renovated into an AI Lab. While it is currently used as a classroom, after-school activities like programming can also take place. AI hardware will be installed later to help students better understand the latest developments in AI. Also, in response to going green, our school has enriched a number of environmentally friendly equipment such as solar heating panel, photosensitive adjustment lighting system and thermal insulation glass film in order to contribute to sustainable development.

電腦室也翻新成為AI Lab，用作課室及其他AI相關活動，如AI編程。稍後會加裝AI硬件設備，讓同學更加了解AI最新發展。此外，為配合環保教育的發展，甲寅校園增添了不少綠色設備，如太陽能發電板、感光調節電燈系統、隔熱玻璃膜等，為地球的可持續發展出一分力。
