PRINCIPAL'S MESSAGE

“

Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations.

”

2020-2021 was a very special year. The sudden outbreak of the epidemic indeed brought a lot of impact on everyone, disrupting everyone's life, school and teachers' work as well as students' learning. Blended learning combined face-to-face or traditional classroom learning with online learning or e-learning to become the new normal. We are particularly proud of the efforts and hard work our teaching teams offered to ensure the very best outcomes for Kap Yan students. I hope that students can learn with gratitude in a manner of self-discipline and self-consciousness and cherish every learning opportunity.

I congratulate our English Department and all Kap Yan teachers and students who used varied mediums of expression to present their ideas in this magazine. I appreciate every student who shared the joy of participation in co-curricular and extracurricular activities along with their commitment to curriculum. The variety and creativity of the articles in the magazine pages represent the talents of our Kap Yan family. I am very sure through collaborative effort we can achieve more to benefit our students who will become the leaders of tomorrow. Happy Reading!

ENGLISH

To provide a rich English learning environment, the English panel organises several English weeks every year. Albeit facing the impact of the pandemic this year, students had opportunities to participate in activities and share with schoolmates. Students enjoyed many activities like Drama Appreciation, TED-talks, Scrabble games, Proverb Challenge, Song Dedication and Summer Day Camp.

“English Activities in KYD”

Students Achieved with Flying Colours

Under the guidance of English teachers and the NET, students participated enthusiastically and learnt a lot in the HK School Speech Festival, KYD Film Festival and Inter-house Debate Competition. They attained promising results in many English inter-school competitions like the British Council Speaking Competition, the HKPTU Debating Competition, and the North District Secondary Schools Storytelling and Public Speaking Contests.

新春聯科活動

The Chinese Culture Festival was successfully held in February 2021. The Festival provides an opportunity for our students to understand and appreciate Chinese culture. This year students were encouraged to participate in different activities including a "History Online Quiz", "Master Chef Contest", and "Dining Table Paper Mat Design Competition".

The "History Online Quiz" aimed to help students understand history and culture and to cultivate their interest and ability to study Chinese History, taking Chinese food culture as a starting point. Students did this by studying first-hand historical artefacts and reading materials. Through the creative food and cultural activities, students were able to use their historical knowledge to understand the inclusive characteristics of Chinese culture and to pioneer a spirit of innovation. They learnt to appreciate, respect, care and inherit Chinese culture. Now let's take a look at Kap Yanners' outstanding performance.

Reading can change everything

Our library aims at providing a favourable reading environment during and outside class time to cultivate students' reading interests and habits. Hence, there are different kinds of reading activities provided to all our students.

A book fair is held annually at the school hall in order to promote reading culture. The exhibitor provides high quality books for our teachers and students to read. Reading brings happiness to our students.

Chinese History teacher Mrs Chow shared a book about cats with her class during Teacher Book Sharing Period.

Our Reading Scheme promotes and raises students' interest in reading. Prizes are given to those students who meet the requirements of the scheme.

Different book theme exhibitions are set up on the ground floor and in the library. In order to encourage students to borrow more books, a lucky draw is conducted for those borrowers.

Through the 'Share books, share joy' scheme, old magazines and books from the school library are selected for students. They can take books home and keep them. In this way book lovers are nurtured and books are given a second life.

“Green School Activities at Kap Yan”

Green education was one of our major concerns for 2020-21. This year, we were awarded the Bronze Award in the 18th Hong Kong Green School Awards. Various cross-curricular activities were organized to enhance environmental awareness, develop environmentally friendly attitude and promote green practices among students.

A group of Student Environmental Protection Ambassadors and members of the Environmental Protection Club are responsible for promoting environmental education in the school. This year, the main theme of Environmental Protection Week was “Plastic Waste Reduction” to encourage students to reduce using disposable plastic items and to develop a green habit in daily life.

Promotion for the Arboriculture & Horticulture Industry in Schools

A range of activities were offered for students to join in action to protect the environment. These included School Greening, Renewable Energy Promotion, the Planning Department Outreach Program, the Environmental Protection Online competition, and Promotion of Arboriculture & Horticulture Industry.

Our school has installed solar panels to generate electricity, while our PTA organizes a School Uniform Donation Project to encourage a culture of sharing.

“ Learning outside Classrooms: school field trips ”

Hoi Ha Wan Field Trip

Geography teachers organized an outdoor learning trip for F.3 students at Hoi Ha Wan Marine Park on 22 June 2021. Students visited the WWF Hoi Ha Wan Marine Life Centre. At the centre, they learned skills in testing seawater quality and participated in a coral-observation trip aboard a glass-bottomed boat. These activities allowed students to learn more about the marine habitat in Hong Kong and raised their awareness on impacts of climatic change on marine ecosystems.

Visit to the East Dam of High Island Reservoir

Our senior form students visited Hong Kong Geopark on 31 March 2021. Chinese Literature students were enriched by the experience as they were creatively inspired by a walk in the countryside. Geography students made use of electronic devices to conduct self-learning in small groups. Students learnt more about the unique geological resources and coastal landforms in Hong Kong.

“ OUR COMMUNITY ”

KYVT — KAP YAN VOLUNTEER TEAM.

“ WE care for what we love..... ”

Kap Yanners are eager to join different voluntary activities to show our care for our society. We hope to inspire more friends to join us in sharing our love with others. This year we held several events to connect our students with the community.

Let's Shop at a Discount

2020-11-29 (Sunday)

Nine KYD students joined a voluntary programme called 'Let's Shop at a Discount'. The activity was organised by eight Community Youth Centres in Tai Po. The programme's main goal was to reach out to families in need in Tai Po and, in the process, hone the organisational skills of volunteers and cultivate their sense of belonging to society.

"Dragon's back" Clean Up Hike

2021-03-14 (Sunday)

Four Kap Yan Volunteer Team students joined "Clean Up Hiking", an activity organised by one of the Community Youth Centres in Tai Po. With the help of an experienced hiker, students were assigned "Dragon's back" (Shek O Peak) on Hong Kong Island as their location to pick up the rubbish to beautify the environment. The programme had a lasting effect long after the activity. Participants learnt to reduce their own plastic consumption.

Thank you, Mum

2021-05-08 (Saturday)

On 8th May 2021, five Form 4 Kap Yan Volunteer Team members went to one of the Community Youth Centres in Tai Po to help a group of kids make bouquets of cloth flowers. These were given to residents living in the Tai Po neighbourhood.

“ Together We Shine - S6 Power Up Day 2021 ”

To relieve S6 students' stress leading up to the public examinations, the Student Support Network organised the event “Together We Shine - S6 Power Up Day” on 13 January 2021. Our teachers Ms. Lau Sze Yiu, Ms. Tsui Hok Man, Mr. Chan Lok Hang, Mr. Ng Sheung Chun and Mr. Yan Pui Kei, who are also alumni of KYD, organized a sharing session on tips to prepare for public examinations. One highlight was a Rock Painting Design activity, which gave an opportunity for students to relieve their stress and express their feelings with classmates. Form Teachers gave words of support to individual students. Snacks prepared by parents were given to each student to show care and support. It was a refreshing day for S6 students to relax and revive their positive energy.

Kap Yan Student of THE YEAR

“ Let's celebrate! ”

Student leaders from each school unit were invited to attend interviews for “Kap Yan Student of the Year”. The candidates were all-rounded students who excelled in a range or areas including academic, leadership and social skills.

Congratulations to Lam Sum Shing of 5C, the winner of the “Kap Yan Student of the Year” award and Tung Wah Student of the Year Award (20-21)

Top 20 Outstanding Teens in Hong Kong

Form 1 student Huang Ho Yi won the “Future Leaders” Excellence Award in the Future Leaders Election 2020. He was awarded for his outstanding community service achievements, leadership and morality. The activity was organized by the Outstanding Young Persons’ Association in January 2021. Ho Yi was also awarded one of 20 “Outstanding Teens” in the Hong Kong Outstanding Teens Election. Congratulations!

Top 10 Outstanding Students of the New Territories

Xu Ngai Sui (3A) was elected as one of the Top 10 Outstanding Students of the New Territories. We would like to congratulate the awardee on her remarkable accomplishments in terms of academia, leadership and social service. The award aims at giving recognition and appreciation to those outstanding students, encouraging them to have positive influence on peers and motivating them for lifelong learning and active participation in social services.

Liu Yun Kai (2C) won the “Gold Award in Chinese Calligraphy” (Secondary Level) in the 6th Zijing Cup. The event is part of the Mainland China, Taiwan, Hong Kong and Macau Youth Calligraphy and Painting Competition. After multiple rounds of selection, his calligraphy won the Gold Award out of 130,000 pieces of artwork.

In addition, Li Weixin (6B) came 1st Runner-up in the Junior Prose category of the 47th Youth Literature Award. This literary competition is known as the cradle of writers. Many local and overseas writers have won this award. Perhaps, in the near future, a famous writer will be born in KYD!

Mathematics Competitions

This year, 13 students won Prizes in numerous competitions including the Thailand International Mathematical Olympiad, Guangdong-Hong Kong-Macao Greater Bay Area Mathematical Olympiad and Hong Kong International Mathematical Olympiad Heat Round 2021(Hong Kong Region). Congratulations to all winners!
